Sound Services are specialists – we are experienced hirers of professional and commercial sound systems, we have liability insurance and we personally oversee all of our work

We can help you, your company or organisation – we hire, supply, service and maintain professional sound equipment and we are main agents for most respected manufacturers

We are proud of our reputation for prompt, reliable and efficient service – we are competitive and our equipment is among the best – we are a small family company based in Fleet, in the north east of Hampshire and we cover the Surrey, Berkshire & Hampshire borders area

Call 01252 620227, 01252 627505 or 07831 131346, [Email](mailto:info@soundservices.co.uk) to see how we can help with your show, meeting or event

Hire Portable PA from Sound Services

Hire this great little PA system from Sound Services. The portable all-in-one system runs from mains or battery and comes complete with a wireless microphone so is ideal when you need to talk to small groups of 50 people

Hire this portable PA system from Sound Services. This unit runs from mains and comes complete with a cabled mic so is ideal when you need to talk to larger groups of 100 people or so – it is also useful as a simple PA when you have a gig in a smaller venue

Hire this portable PA system from Sound Services. This unit runs from mains and comes complete with a cabled mic so is ideal when you need to talk to larger groups of 100 people or so – it is also useful as a simple PA when you have a gig in a smaller venue

We offer various PA sound systems for 'dry hire' – where you collect and return the equipment – some ideas are shown here. We also offer local delivery, setting-up and engineer facilities if required

Terms and conditions for short term hire of PA sound equipment

- The person and organisation hiring must obtain all of the required PPL, PRS, MCPS, Ofcom and other licenses – please check to see if you need UK licenses for music or to use wireless microphones and in-ear monitoring
- The person and organisation hiring must obtain the required trailer, public liability, equipment and other insurance
- Any 240v AC mains wiring that may be required for the PA sound equipment to operate is to be supplied and installed by qualified others
- Should 240v AC mains power be supplied by one of our petrol generators it is for the person and organisation hiring to ensure that the public can not gain access to the generator, the power feed cable or the fuel storage and that unleaded petrol and coolant oil are available for the duration of the event
- A 25% booking deposit will be required – this deposit will be deducted from the cost of the hire
- An equipment deposit may be required – this deposit will be refunded at the end of the hire provided that the equipment is complete, returned on time and in good, undamaged, working order
- Payment is due on collection or delivery of the hire equipment
- The safe keeping, correct operation and satisfactory return of the equipment is the responsibility of the person and organisation hiring and signing for the equipment
- Late returns, equipment damage and loss will be charged for
- Cancellations of bookings shall incur a cancellation fee of 25% + VAT and cancellations with less than 72 hours notice shall incur a cancellation fee of 50% + VAT
- All loudspeakers, tripods and other fittings must be made secure and safe by the person and organisation hiring the equipment
- These terms are the essence of the hire contract
